The search interface includes a search bar with 'dub' typed in. Below it is a dropdown menu with suggestions: 'See locations near me', 'Dublin Airport, Ireland', 'Dubai Airport, United Arab Emirates', 'Dubbo Airport, Australia', 'Dublin Centre, Ireland', 'Dublin South, Ireland', 'Dubai Central, United Arab Emirates', and 'Dubai International Hotel, United Arab Emirates'. To the right is a map of Dublin Airport area with a callout for 'Dublin Airport, Ireland' showing 'Electric vehicles available'. Below the map are details for Monday to Sunday and holidays.

On hover: Cursor in hover hand state

Default: "Search for a location", Fill: #9C9C9C

Show results after minimum 3 characters are input.

Default map & location information view: Hidden, white fill only

On selection:

Text & icon fill: #1C6AE4
Display nearby locations in order of pf proximity.

After selected, if text input in location search field - deselect.

List results with recent searches at top, then in order of popularity.

Results:

On hover: Text & icon fill #1C6AE4

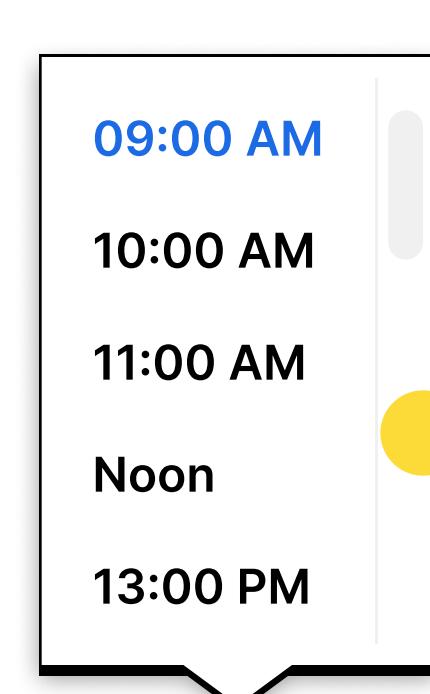

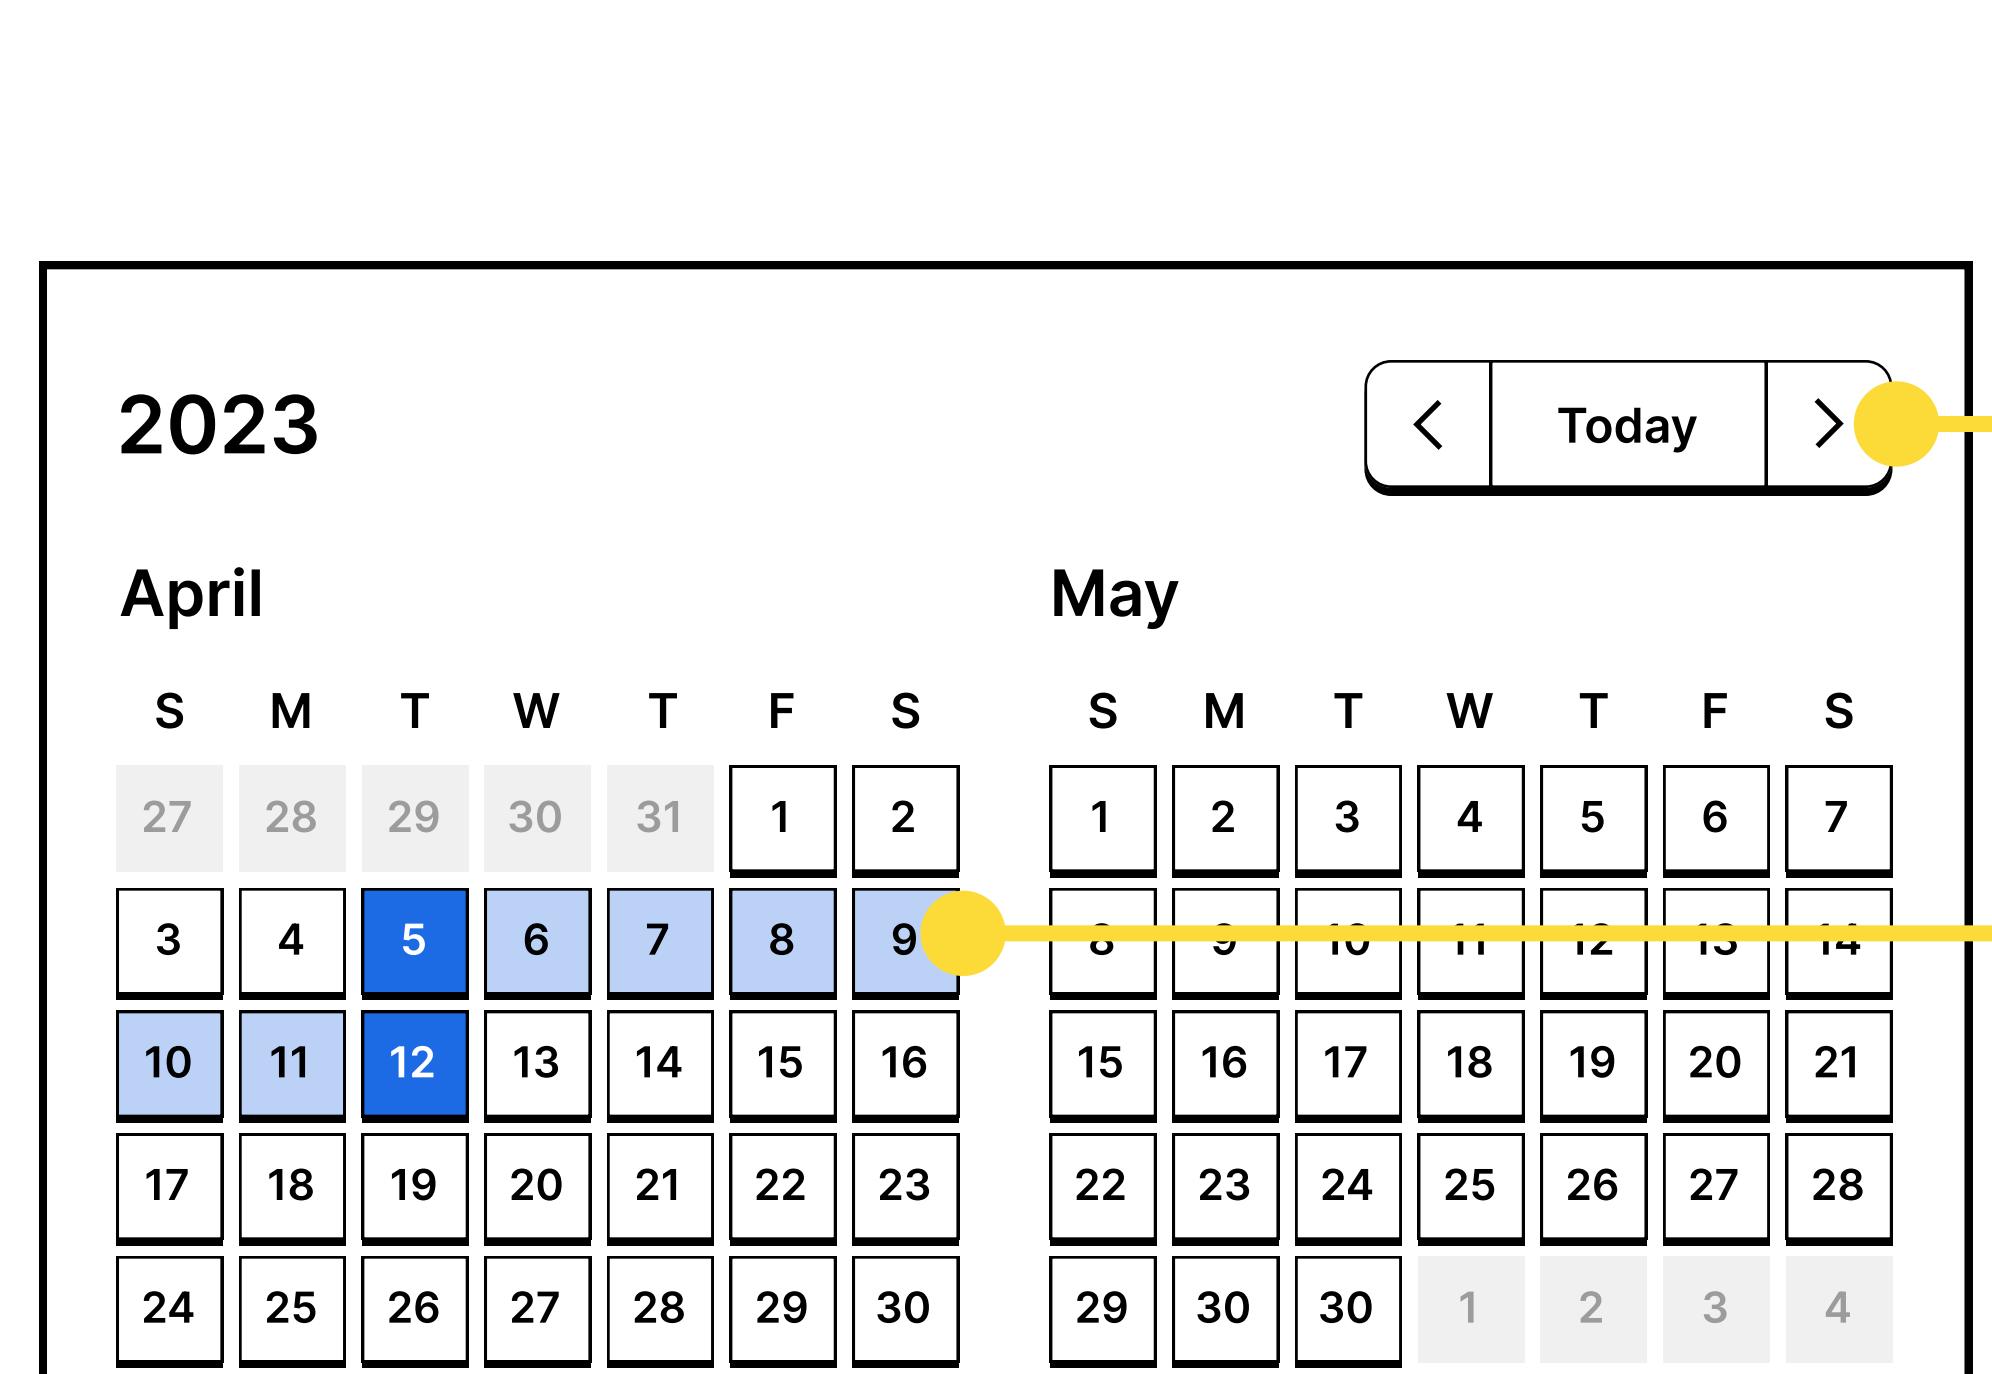

On click: Close overlay and display selection on text input field on homescreen.

Left arrow: Switch months to display one month previous, in same format as current.
Right arrow: Same as above, but month in future.
Today: Skip to . present month on left side. If date is already today, no change. On mouse down, move 3 pixels down and shift drop shadow to top of block.

If no date selected: When a date is clicked change fill to #1C6AE4 and text fill to #FFFFFF.

If one date selected: When a second date is selected change to the same as above, all dates in-between change fill to #BBD2F7.

If two dates are selected: If a new date is selected clear previous selection and only apply selection of this most recent selection following rules above.

On hover: Text & icon fill #1C6AE4

On click: Close overlay and display selection on text input field on homescreen.

Pick up: Dublin Airport, Ireland | 05. Apr | 09:00 AM

Drop off: Cork Airport, Ireland | 12. Apr | 09:00 AM

Vehicle Type: Small Car, Medium Car, Large Car, SUV, Off-road, Campervan, Converted Van

Number of seats: 2+, 4+, 5+, 7+ | Automatic only | Electric only | Driver age: Any | Number of beds: 0+, 1+, 2+, 3+

Sort by: Lowest price first

Annotations:

- All fields behave the same as on the homepage. If changed, reload vehicle selection options.
- On selection:** Move text right, add check mark, change background colour fill. Shift boxes on right side further right. Keep aligned all aligned left.
- Number of beds & number of seats:** If user drops selection marker in-between two fields then select the closest option and move selection marker to that choice.
- Automatic only & electric only:** Left is no, right is yes. When toggled to yes, change light grey background to #1C6AE4.
- On hover:** Car image scale x1.1 animate 0.1s.
- On selection:** Move whole row of car that was selected down one row, and display the selected vehicle overlay in the new empty row. Animate this over 0.2s. If a selected vehicle overlay is already opened, close it and repeat this process for the new selection. Unless new selection is on same row as old, then just replace content of overlay.
- Icon hover over:** Detailed information appears, as in prototype.
